coat of arms / sign

Trnava was the first Slovak city, which was given the privileges of a free royal town. Granted him in 1238 by the Hungarian king Belo IV.

In the 13th century, there was built a very large fortification with area about 60 hectares

Construction of fortifications consisted of brick towers connected by wood earth-mounds, which were later replaced with masonry walls.

Sights

- ▮ The rich history of the city has left its mark - many architectural and cultural monuments.

Trinity Square in Trnava is named after the statue of the Holy Trinity. It is situated in the city tower

Trnava in Slovakia is one of the most important centers of the Roman Catholic Church.

For many churches received the nickname "Little Rome".
